## 20<sup>th</sup> Membership Meeting Held

The 20<sup>th</sup> membership meeting of the SRSRA was held on April 18 at the Etherredge Center on the University of South Carolina Aiken campus. About 400 members, guests and vendors attended.

Key business at the meeting, of course, was the election of the Board of Directors for 2017. Incumbent directors whose term runs until April 2018 are Paula Brown, Bruce Cadotte, Tom French, Gail Jernigan, Bob Malstrom and Tom Varallo.

Incumbent directors scheduled to serve until 2019 are Phil Croll, Bernice DeLoach, Dave Fauth, Richard Frushour, Bob Hottel, John Lindsay, Joe Ortaldo, John Plodinec, Deb Shedrow, Don Stevenson, Jim Tisaranni and

*The outgoing board of directors is pictured above. Front row, l. to r.: John Plodinec, Dave Fauth, Neal Smith, Bernice DeLoach, Bruce Cadotte, Jennifer Garvin. Second row: Ron Malanowski, Deb Shedrow, Bob Hottel, Fred Cadek, Bob Malstrom, Phil Croll. Third row: Dave Zigelman, Don Stevenson, Tom French, Dick Frushour. Back row: John Church, Joe Ortaldo, Harvey Kinder, Jim Tisaranni, Tom Varallo. Not pictured: Paula Brown, Kathy Grant, Gail Jernigan, Gordon Leopard, John Lindsay, George Rodrigues.*

David Zigelman. New directors elected to serve for one year are Russ Beckmeyer, Allen Blancett, Pete Grady, William Osteen, Pat Pinkard (since resigned) and John Veldman. Directors elected for two-year terms are John Miller (since resigned) and Ranny Saylor.

**SRSRA: 20 Years of Service!**

## Letter from SRSRA Chair Dave Fauth

*Fellow retirees,*

*I was pleased to see so many of my DuPont/Westinghouse/SRNS/SRR friends at the SRSRA Annual Meeting on April 18. Sorry, if I appeared to be "rushed" and didn't greet you properly. I hope that you were able to take advantage of the benefit providers who were present before the meeting and that you gained a more complete understanding of the initiatives that your board is working on. I would like to thank Thomas Johnson, DOE-SR Associate Deputy Manager, Stuart MacVean, SRNS President, and Tom Foster, SRR President for their presentations at the meeting.*

*This newsletter contains the minutes and Q&A from the meeting for those not able to attend. I would like to thank Richard Frushour and his team for staging a very successful event.*

*As Tom French reported, your board is pleased to report several significant accomplishments for 2016-2017. Among these are the increase to our Medicare Health Spending Account/stipend (prorated by age) and the Catastrophic Drug Coverage program. These accomplishments were possible due to the efforts of your board, the site contractors and DOE-SR. An SRSRA white paper on post-65 health costs was a catalyst for accomplishing these improvements. We continue to work with Representative Joe Wilson and his staff regarding pension improvement. In the next 12 months, we expect to have a report from the Congressional Research Service detailing an evaluation of our pension. This is a slow but necessary process.*

*Your SRSRA Resource Center is completing its third year of operation under the guidance of Administrator Lauren Feinman and Board Member David Zigelman. The center assists our retirees who have insurance, stipend reimbursement and numerous issues that confront us in our aging years. We have assisted almost 1,400 retirees/spouses through office visits (at the Lower Savannah Council of Governments), e-mails, and phone interactions. Over 250 retirees/spouses have taken advantage of our Aging into Medicare classes which are held the second Tuesday of every month. The efforts of the center have resulted in a savings of over \$1.5 million for our retirees (WageWorks claims processed and prescription drug plan savings). We are currently in need of additional volunteers to provide counseling, clerical, and logistical assistance. Our outreach to our retiree community is "limited" with our current volunteer staff. You do not need to be well-versed in retiree benefit services. The Center will provide the resources to allow you to become an effective contributor. Please consider becoming a volunteer. If you have any questions, contact the center at (803)508-7065.*

*The board struggles to attract our retiree population to join the SRSRA. The last page of this newsletter contains our membership form. Please share it with anyone who hasn't joined or renewed their membership. We know many retirees are unaware of or have forgotten their retiree association. Encourage them to join and take advantage of the services provided by the SRSRA. Remember our power as an advocacy organization is in our numbers and our united voice.*

*Dave Fauth  
SRSRA Chair*

### 2017-2018 Officers

Chair: Dave Fauth  
Vice Chair: Vacant  
Secretary: Deb Shedrow  
Treasurer: Phil Croll

## The Area Needs Guardians *ad Litem*

Children who enter the foster care system are in desperate need of caring adults to safeguard them. They deserve a strong child advocate to be their voice. If you can give 4-5 hours a month to visit a child, you can change a child's life. You do not need a college degree, or a legal or social work background. The very best child advocates are people who care about children.

A guardian ad litem represents the child's interest before the court.

Contact Christy Pritchard in Aiken County, (803) 648-9919, [christy.pritchard@admin.sc.gov](mailto:christy.pritchard@admin.sc.gov), or for Bamberg/Barnwell County, contact Jacqueline Hancock at the Bamberg/Barnwell County office at 803-245-3380.

\*\*\*\*\*

## Minutes of the 2017 Annual Meeting

(Pictures on pages 3-9 courtesy of SRS)

### Call to Order and Opening Remarks – Tom French, Chair, SRSRA

The meeting was called to order at 1:30 p.m. The delegation staffers were thanked for attending. These staffers included Joseph Scott Jaillette (for Sen. Graham), Nancy Bobbitt (for Sen. Isakson), Martha Ruthven (for Rep. Wilson), Jessica Hayes (for Rep. Hice), and Brinsley Thigpen (for Rep. Allen).

### State of the SRSRA – Tom French, Chair, SRSRA

The SRSRA was founded in September 1997. The organization, therefore, is in its twentieth year. One of our founding directors, Mike French, passed away this year. Ed Leibfarth, a previous director and Annual Meeting organizer, passed away this year as well. The SRSRA remembers all those members who have passed this year.

The SRSRA Board of Directors (BOD) has worked with DOE-SR, SRNS, SRR, and our delegation to achieve major improvements in retiree benefits. Among these improvements are 1) an increase in our insurance stipend prorated by age; 2) catastrophic drug coverage; and 3) initiation of two studies on our pension increase request and complex-wide pension funding being conducted by the Congressional Research Service (Library of Congress) at the request of Rep. Wilson's office on our behalf. Our special thanks go to all those who worked with us on these efforts.

Our thanks also go to our major financial supporters this past year, including the SRS Employee Association, the Lower Savannah Council of Governments, SRNS, SRR, and special donations from individual SRSRA members. These supporters, along with our association dues, have provided us with some funding consistency.

In 2016, the SRSRA Resource Center (RC) assisted 1,182 clients through 862 office visits and ten home visits for a total of 1,538 client hours. A total of \$430,146 worth of claims were processed. In addition, reviews of prescription drug plans resulted in \$486,551 in savings for our clients.

The SRSRA increased its civic involvement this past year. We raised \$21,000 for the United Way and actively supported the SRS Museum, the Annual SRS Safety Meeting, and the SRS Citizens Advisory Board (CAB). We are developing a partnership with the Citizens for Nuclear Technology Awareness (CNTA).

The SRSRA 2017 Year-End financial summary was presented along with the proposed 2018 budget. The financial summary included the following:

	FY17 Actual	FY18 Proposed
Income	\$90,600	\$91,400
Expenses	\$76,080	\$83,950

We are on a more sustainable financial path.

DOE-SR Update – Thomas Johnson, Associate Deputy Manager

Thomas Johnson provided an update on the SRS budget, current mission priorities, and challenges. He also highlighted areas where SRS leadership has worked together with the SRSRA Executive Committee to make improvements in retiree benefits.

SRS funding continues under a Continuing Resolution at FY16-enacted levels. An internal reprogramming (\$5 million) and a larger Congressional reprogramming (~\$34 million) were required to re-align funding to cover

priority work. Current SRS mission priorities include 1) resuming transuranic waste shipments, supporting Salt Waste Processing Facility (SWPF) start-up, Liquid Waste System integration, replacing the Defense Waste Processing Facility (DWPF) Melter #2, and completing final preparation of the mega-vault Saltstone Disposal Unit #6; 2) accelerating the reduction of life cycle costs by operating H-Canyon; 3) investing in critical infrastructure; 4) enabling efficient and effective operations including expanding opportunities for the Savannah River National Laboratory (SRNL) contributions; and 5) performing major contract acquisitions including

awarding the SRS Liquid Waste contract and beginning the follow-on Management & Operating contract and the Paramilitary Security Services contract.

SRS challenges include 1) allocation of requested FY17 funding; 2) maintaining nuclear materials processing capabilities in need of substantial maintenance and upgrades; 3) the increasing pension liability (budget targets must be substantially higher through 2026 to fund pension liabilities and enable SRS to meet current mission needs); 4) significant infrastructure needs; and 5) recruitment of the next generation nuclear workers due to an aging workforce.

Johnson stated that the DOE recognizes that retirees are a valued part of the successful legacy of the Site and benefits from continued support from retirees. DOE-SR meets quarterly with the SRSRA BOD leadership and the SRS Contractor Benefits Team. DOE-SR supported revisions to the RightOpt contract, successfully made the case to DOE-HQ to add catastrophic drug coverage, supported the age-related stipend increase, and continues to offer pre-65 health care. By working together progress is being made. DOE-SR will continue the quarterly meetings with the SRSRA BOD Executive Committee and the Contractor Benefits Team. These meetings provide open forums to put retiree interests in front of those who oversee the benefits/plans. This has worked well and is the best avenue to obtain retiree input and appropriate direction or action from DOE to the Contractor. Johnson concluded by stating that DOE remains committed to doing its good-faith part to find workable solutions for challenges and areas of concern.

SRNS Update – Stuart MacVean, President, SRNS  
Mr. MacVean discussed SRNS’s four key mission areas as follows: Environmental stewardship for soil, water, and facilities; supplying tritium for nuclear weapons deterrent; securing nuclear materials; and transforming nuclear materials. These four missions are all underpinned by SRNL, which is now an independent division so as to better articulate its cost structure and support.

ongoing. Plutonium down blend operations have resumed to transform plutonium oxide for transuranic waste disposition. All H-Canyon process operations have also resumed, currently focusing on uranium missions. There has been an 85 percent operational footprint reduction with the completion of 407 of 515 Federal Facility Agreement remediation projects.

For the first time since Tritium Extraction Facility operations in 2007, the Site will perform triple extractions. In the area of risk reduction, there has been significant progress in the 235-F program; the source terms have been lower than expected. Also, the remediation of the D-Area Coal Ash Basin is

SRNS has ~5,000 employees (65 percent reside in S.C., 35 percent reside in Ga.). The average age of employees has been decreased from 54 to 48. For FY14-16, 1,311 new full-time employees were hired, 80 percent from the local area. SRNS plans to hire ~400 employees per year for the next four years. There has been a 15 percent reduction in attrition of non-retirement eligible employees and 11 percent of FY16 new hires have been veterans. To prepare the pipeline, SRNS has provided \$4.3 million in funding to higher education institutions since 2008, increased internships by 34 percent, and entered into eight partnerships with local universities and technical colleges. In 2015, SRNS established a Nuclear Operations Program at Aiken Technical College. In 2016, SRNS had a \$1.078 billion economic impact regionally.

#### Liquid Waste Overview – Tom Foster, President and Project Manager, SRR

Mr. Foster stated that SRR received the SC Chamber of Commerce Commendation of Excellence Award for its 2016 safety performance, the Department of Labor, Licensing and Regulation 2016 Palmetto Shining Star Award, and a DOE Sustainability Award.

Salt Processing is the new focus for waste tank cleanup. SWPF will come on line next year and will be ten times faster than the current process. SWPF integration activities include DWPF and Saltstone modifications, Tank 49 feed modifications, and work on the west transfer lines. A major ongoing effort is the replacement of Melter #2 which has been shut down and transferred to disassembly. Melter #3 work is slated to start in mid-June; this melter is scheduled to be operational in December 2017. Other significant ongoing work is 3H Evaporator leak site identification, Tank 15 bulk waste removal efforts, and Saltstone Disposal Unit 6 readiness and approval.

SRR has hired 400 full-service employees in the past three years with an additional 155 new hires expected in the next year or so. The average age of SRR employees is 50 and 10 percent of employees are veterans.

#### Questions and Answers – Tom French, Chair, SRSRA

Following the break, submitted questions were answered. A summary of the questions and answers follow:

- *Are there plans to replace WageWorks with a medical credit card?*  
There are no plans for a medical credit card. We will bring the suggestion up at our quarterly meeting with DOE and the contractors.
- *When will the pension plan review be completed?*  
The review will take ~18 months total (~12 months from now).
- *What is the status of the pension plan COLA adjustment request?*  
That study will be performed after the DOE-wide pension study has been completed.
- *What is the anticipated award date for the Liquid Waste contract?*  
The award date is currently scheduled for April. (Ed. note: DOE-SR recently announced this contract has been extended until the end of 2017.)
- *Is the stipend subject to federal and state income taxes?*

No, it is not subject to income taxes.

- *Are automatic stipend payments possible from WageWorks?*

Certain plans support this option. It is between the insurance companies and RightOpt. An agreement has to be in place for automatic payments. We have a list of companies that include this option. Call the Resource Center for this information.

- *Is it necessary to submit reimbursement information to WageWorks every year?*

If you have premium changes, there is no way for WageWorks to know about them otherwise, except if you are using automatic reimbursement. (Ed. Note: This cannot be done with Medicare Part B payments, as one questioner asked; those must be resubmitted every year. All that is required for Medicare Part B reimbursement, however, is a copy of your benefit statement from the Social Security Administration.)

- *Are Westinghouse executive pensions at risk in the Westinghouse bankruptcy case?*

No, they are from a different budget. (Ed. note: Assuming your executive pension arose from your SRS employment, you are unaffected. Anyone affected should have been notified by now.)

- *Can the Annual Meeting minutes be published in the June newsletter?*

A summary of the minutes will be published in the June newsletter, as has been customary.

- *Can you share the details of the SRSRA budget spreadsheet?*

Tom French can review the detailed spreadsheet (income and expenses) after the meeting. We are looking for ways to increase our funding.

- *When will the catastrophic drug plan coverage be funded?*

Payments should be received in the next two weeks. There are a few exceptions where more information is needed to process the claim.

- *What is the largest catastrophic drug plan reimbursement?*

The largest reimbursement to date is ~\$8,000. We will try to get a summary.

- *What are the best possibilities for new missions?*

This question was deferred as those who have knowledge to respond were no longer present at the meeting. (Ed. note: SRSRA's immediate hope is that existing missions [e.g., MOX or any replacement] will survive to adulthood, and that normal activities will continue without significant curtailment. The pressure on the federal budget is unlikely to ease. For the best updates on these issues, we suggest attending Citizens Advisory Board meetings and similar public forums. Some promising projects in the recent past, such as modular nuclear reactor development, have run afoul of programmatic and budgeting problems. DOE-SR answered this way: "SRS continues its current missions to process and store nuclear materials in support of national defense and U.S. nuclear nonproliferation efforts. The Site also continues to develop and deploy technologies to improve the environment and treat solid and liquid nuclear and hazardous wastes left from the Cold War. SRS stands ready to use its unique capabilities to

address critical national missions in the future.” *We note, somewhat ironically, that the continued lack of a high-level nuclear waste disposal facility means that places like SRS will continue to manage waste and spent fuel for the foreseeable future.*)

- *Will the pension plan study be publicly released?*

It will be a public document.

- *Is Rick Perry coming to SRS?*

We do not know. In addition, there are many second tier appointees still to be agreed upon including the EM-1 position.

#### General Business – Tom French, Chair, SRSRA

- The minutes of the 2016 SRSRA Annual Meeting were approved.
- The proposed changes to the Bylaws were approved. They include the following:
  - Expand the membership requirement to be more inclusive.
  - Reduce the quorum requirement to members present and voting at the Annual Meeting.
  - Correct the misleading terminology regarding the quorum requirement at Board of Directors meetings.
- The proposed Board of Directors slate was approved.

#### Door Prize Drawings – John Plodinec, Past Chair, SRSRA

The following fifteen names were randomly selected to receive \$100 gas cards funded by the SRSEA and SRSRA:

Bob Fallaw, James Tarpley, Ted Bondor, Walter Glover, Minnie Maddox, William Li, Joe McCrosson, Lettie Jackson, Patrick Pride, Daniel Wilson, Jerry Martin, Jim Marra, Robert Bero, Bob Croley, and Mozelle McBryde.

#### Adjournment – Tom French, Chair, SRSRA

The meeting was adjourned at about 3:30 p.m. The gas card winners received their cards. Save the date for the next SRSRA Annual Meeting on April 17, 2018!

\*\*\*\*\*

### **Questions Unaddressed at the Annual Meeting**

In the interests of time and logistics, there were a few questions that were unanswered during the meeting. The questions and answers are below.

Q. A slide showing expenses of \$76K in 2016 and \$83K in 2017 was presented. Do you have a breakdown of what makes up (by \$ amount) those expenses?

A. *The information on page 12 is a summary of actual and budgeted expenses that should have the information requested. Expenses in this fiscal year were estimated to be \$76,080; current estimated expenditures for 2018 are \$83,950. The biggest difference between the two is about \$4,600 included for possible travel to Washington and related communications to support a pension adjustment. That travel has not been required, and therefore wasn't spent in 2016. It probably will not be spent this year either, but it is necessary to prepare.*

Q. Why don't retirees have the same discounts that we had when we were working?

*A. If the question is referring to SRSEA (the old ORA) discounts, they are generally available to retirees as well. One notable exception is the Verizon Wireless discount, which was discontinued by that company for retirees. See SRSEA.com for further information.*

*Q. Why were benefits stripped from retirees? (It was promised to us.)*

*A. We assume you are speaking of continuation of medical coverage. Although it was the Site's policy for many years (as with other companies) to continue this coverage, it was not a promise or requirement in recent management and operations contracts. Given the severe competition for dwindling federal dollars, the Site could no longer sustain the long-term liability of medical coverage and, in fact, has been increasing the employees' share of working employees' coverage for several years. Rather than stripping the benefit away, though, the Site has provided a stipend to be used for medical and insurance expenses. Although many of our members have found this to be more of a financial burden than the previous arrangement, it is*

*also true that many members are at least as well off at this time. Caution: This benefit can be changed at any time. This is one reason we strongly urge you to claim all of the stipend amounts to which you are entitled now. In fact, it is okay (and encouraged) to file any medical claims that are over the stipend amount or the amount in a retiree's account. The overage from 2017 is carried over to 2018 and paid to the retiree soon after Jan. 1.*

*Q. Why do we have people working for WageWorks that are unqualified?*

*A. We are not privy to the qualifications of WW employees, but obviously there have been numerous problems since the new process started. No system will work perfectly, but it seems that many flaws have been addressed.*

*Q. Why does it take over two months for WageWorks to correct their mistake of issuing the wrong check amounts for the wrong reasons?*

*A. Each case is different. We suggest making an appointment with the SRSRA Resource Center, if you haven't already done so, to discuss the details.*

*Q. The current medical reimbursement process is not a simple and easy task, especially for older retirees; this is evident by the establishment of the Resource Center. Are SRNS, SRR and DOE-SR open to forming a team of process efficiency experts to review and simplify this process?*

*A. This is a question that we will bring up in our regular meeting with SRS management. Continue to read your newsletter for any information we can pass on to SRS retirees.*

*Q. Has RightOpt moved its call center and is it fully functional?*

*A. RightOpt's call center relocated in April and is functioning normally.*

*If there are further questions that need answers or clarification, we will provide them in a future newsletter.*

## Resource Center Doing Great Things—and Needs Your Help!

As most by now know, SRSRA established the SRS Retiree Resource Center to help retirees navigate the often treacherous waters of health insurance, Medicare, the SRS medical stipend system, and related matters. The accomplishments of the Resource Center volunteers over the past three years are quite impressive:

- Almost 1,600 clients helped
- Almost 2,100 office visits
- Almost 3,700 volunteer hours expended
- About \$2.1 million in claims processed
- About \$750,000 in prescription plan savings during annual reviews

We have done all this with a core group of 7-8 volunteers. There are no backups or substitutes due to illness. The volunteers are getting burned out. We desperately need additional volunteers now and for the Medicare Open Enrollment period (October-December) when we literally receive hundreds of requests for appointments. We will train you, help you through “shadowing” of other volunteers and will not ask you to go one on one with a client until you feel ready. If “counseling” retirees is not your thing, we need help returning retiree phone calls, setting up appointments, etc. All we ask is a morning or afternoon each week.

If you have any questions or are interested, please contact Dave Zigelman, (803) 641-0938.

\*\*\*\*\*

Congratulations to Walter Dyke, winner of a \$50 gas card courtesy of the SRSEA and SRSRA. Call Bob Hottel at 803-648-7721 within 30 days to claim your gas card! Please verify your home address when you contact him.

\*\*\*\*\*

### Age-in Training for 2017

Classes for people who will be aging in to Medicare continue at the SRS Retiree Resource Center. The Center is in the offices of the Lower Savannah Council of Governments, 2748 Wagener Rd., Aiken, SC 29801. The phone numbers are listed on the next page; call if you are interested.

Usually the training classes are held once a month on Tuesdays. Currently, the remaining sessions this year are scheduled for July 11, Aug. 8, Sept. 12, Oct. 10, Nov. 14 and Dec. 12.

\*\*\*\*\*

### Newsletter Information

Questions and comments related to this newsletter may be addressed to Bruce Cadotte, newsletter editor, at [newsletter@srsretirees.org](mailto:newsletter@srsretirees.org), or Newsletter, SRS Retiree Association, P.O. Box. 5686, Aiken, SC 29804.

If you have a new e-mail address, or have changed your address recently and are not receiving SRSRA communications by e-mail, please contact [newsletter@srsretirees.org](mailto:newsletter@srsretirees.org). Our e-mail program allows us to reach members more quickly with news. Other pluses are quicker distribution of the newsletter and less cost of copying and mailing hard copies. Thanks to all of you who are receiving your newsletter by e-mail.

Congratulations to William Q. Roose, winner of a \$50 gas card courtesy of the SRSEA and SRSRA. Call Bob Hottel at 803-648-7721 within 30 days to claim your gas card! Please verify your home address when you contact him.

# Savannah River Site Retiree Association Membership Form

## Annual Dues

Annual dues for the Association are \$25/year for a retiree (there is no charge for retirees who are spouses of members). For surviving spouses of retirees, annual dues are \$5.

- \_\_\_\_\_ As a retiree, I want to **JOIN/RENEW** my membership in the  
SRSRA (\$25). Retirement date from SRS: \_\_\_\_\_
- \_\_\_\_\_ I am the **SPOUSE** of a member and also an SRS retiree and I want to **JOIN**  
the SRSRA (no charge). Retirement date from SRS: \_\_\_\_\_
- \_\_\_\_\_ I am the **SURVIVING SPOUSE** of an SRS retiree  
and want to **JOIN/RENEW** my membership in the SRSRA (\$5).
- \_\_\_\_\_ I am willing to **SERVE** on the SRSRA Board of Directors.
- \_\_\_\_\_ I am interested in **VOLUNTEERING** at the SRSRA Retiree Resource Center.
- \_\_\_\_\_ In addition to my dues, I want to make **AN ADDITIONAL GIFT** to the SRSRA  
Resource Center \_\_\_\_ or the SRS Heritage Foundation \_\_\_\_ (latter is tax deductible):  
\_\_\_\_\_ \$25    \_\_\_\_\_ \$10    \_\_\_\_\_ \$15    \_\_\_\_\_ Other amount \$\_\_\_\_\_

*The Resource Center is staffed by volunteers, but your dues do not cover all of its costs.*

Member's Name: \_\_\_\_\_

Address: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Telephone: \_\_\_\_\_

Email address: \_\_\_\_\_

*Providing your e-mail address allows SRSRA to send important communications to you electronically.*

Mail this form (and your check) to:  
**SRS Retiree Association**  
**P. O. Box 5686**  
**Aiken, SC 29804**  
**Attention: Membership Chair**
